## MacArthur Center Parking Garage - Norfolk, VA

**OWNER:** MacArthur Shopping Center LLC

**ENGINEER:** THP Ltd.

Located on Monticello Avenue in downtown Norfolk, VA, the busy MacArthur Center Shopping Mall features one million square feet of retail offerings.

The **CSI** Team performed concrete repairs and weatherproofing services to the facility's two parking garages to maintain a durable and safe surface for the hundreds of people who visit or work there each day.

### Scope of work:

- Installed compression seals & winged expansion joints
- Removed/replaced sealants throughout
- Applied a vehicular traffic-bearing membrane
- Performed concrete repairs prior to coating placement
- Applied a clear silane sealer on isolated sections to protect and preserve the life of the concrete
- Applied a urethane membrane system to stop leakage into interior spaces below the ramp

*Lower Ramp at 4<sup>th</sup> floor  
Coating over Beam Line*

*South Garage Ramp  
Phase 1 Base Coat*
