# Winchester Hospital Parking Garage, Winchester, MA

## Parking Garage Repair, Waterproofing, & Drainage Installation

**OWNER:** Winchester Hospital  
**ENGINEER/ARCHITECT:** Capobianco Associates

### DESCRIPTION:

CSI was awarded the contract to repair large scale concrete deterioration that threatened the structural integrity of the parking garage at Winchester Hospital.

CSI was also contracted to waterproof the garage and install a new drainage system. Horizontal plank, vertical wall and overhead beam repairs were completed with the installation of new steel reinforcement and the use of modified concrete.

All repair areas were waterproofed with the installation of sealant at all joints, and a new waterproof traffic coating system was installed along with multiple drains.

All work was completed while the garage remained operational, and with minimal impact to hospital patients, visitors and staff.

Since 1996, **Contracting Specialists Incorporated** has steadily emerged as a leader in specialty construction, providing clients with proven and innovative solutions for concrete restoration, masonry restoration and waterproofing.
